

2nd Annual Baseball Hit-a-thon and Pack the Bleachers Event

Spirit League is excited to announce our 2nd Annual Hit-a-Thon Fundraiser to take place on May 20, 2017, during our Pack the Bleachers and Picture Day. We invite all athletes and their families to participate and ask for your support in raising funds for our non-profit organization.

We plan on celebrating our amazing athletes with a delicious lunch following each age division. Invite your friends, family and neighbors to pack the bleachers and cheer on our athletes. We invite you to make encouraging signs for your athlete so you can cheer from the stands.

Our Goal

Spirit League is a non-profit organization and registration fees do not cover costs for each athlete. Therefore, we depend on grants, corporate sponsors and donations from our supporters. The funds raised from the Hit-a-thon will go directly to purchasing equipment, funding athlete scholarships and other operating experiences. Our goal is to raise \$5,000 from the Hit-a-thon Event. As such, we respectfully ask that each athlete aim to raise \$100.

How the Hit-a-Thon Works

- 1. Get Sponsors:** Between now and May 20, each athlete is asked to talk to friends, family, neighbors, etc. who would like to support them and help raise money for Spirit League. We will provide an optional e-letter you can forward via email to potential sponsors.
- 2. Collect Pledges:** The Supporter can sponsor online at SpiritLeague.org or give cash/check to your athlete.
 - **Online:** To sponsor your athlete online, go to www.SpiritLeague.org/donate-now/. The Supporter can enter you athlete's name when prompted and the League will let you know when the donation is completed.
 - **In Person:** If in person, record the Supporter pledge information on the envelope provided. If collected via envelope, simply turn in donations during your athlete's regular game anytime during the month of May (checks made out to Spirit League).

Thank you!

The Spirit League Board of Directors would like to thank you for your commitment to Spirit League. We are dedicated to providing opportunities for special needs children and young adults to develop basic athletic abilities and promote physical fitness. We aspire to foster self-esteem, enhance social skills, and build friendships. For our families, our goal is to strengthen relationships, provide support, and develop community.
